Frank came back to visit his son and daughter-in-law, Charles and Christi Perry, in 1926 and stayed for a year. Jessie L., youngest daughter of Charles and Christi, remembers her grandfather Frank well. He was a short, stocky man, in good physical condition, and could jump up and click his heels together twice before hitting the ground. Jessie followed him everywhere and went fishing with him. She remembers one night, while he was cleaning fish they had caught, a cat stole the fish as fast as he cleaned them. This caused Frank to get very angry.

Frank and his grandson, Walter, had to climb up on the roof many times because sparks from the old fireplace would set the shingles on fire. They carried buckets of water with them to put the fire out.

After the year long visit, Frank returned to Florida and was never seen or heard from again.

Elizabeth died about 1905-1910 and is buried in the old Zion Methodist Cemetery, on Dutch Bayou in Escatawpa, MS.

## PETERSON, HILJA MARIE LEHTONEN

F409

My mother, Hilja Maria Lehtonen, was born in Loimaa, Finland in 1889 and lived there until she was ten years old with her parents, Mr. and Mrs. Charles Lehtonen and older sister, Fanny. Grandpa Lehtonen had heard of the big opportunities in America, so he left his wife and children to seek his fortune here. His ship docked near Neguanee, MI and he, for a while, worked in the coal mines near there and, later, had a small store, trying to make enough to send for Grandma and Mama and Aunt Fanny.

An incident I remember my Mama telling me was: It was nearing Christmas and a salesman came in Grandpa's store and told him he was sailing back to Finland in a few days. Now he was a perfect stranger to Grandpa, but he asked the salesman if he was going anywhere near Loimaa and he said why yes he was. So Grandpa asked him would he take a beautiful gold necklace with a ruby pendant to his wife for Christmas. And of all things, the salesman delivered the package to Grandma and I have this necklace now, left to me by Grandma (could that happen today?).

This in the late 1800s, Grandpa was born in 1857 and Grandma in 1851. I'm not sure just when Grandpa sent for Grandma and the girls, but they lived in Michigan for several years before coming South. Grand-pa read some ads in the Michigan newspapers about the wonderful country down South and how you could grow crops year around. So, I understand that he homesteaded property in Pecan, MS and they left Michigan and took a train and landed at the railroad station near Pecan, which is a small Finnish community not far from Kreole. There was nothing in sight but trees, weeds and broom sage, but the station master took them to their new land by horse and buggy and, with the help of a few neighbors, Grandpa started building their home. I remember it well. The kitchen was in the back yard with a covered walkway to the house, also an out house way back. In those days - maybe a custom of Finland - you didn't cook where you lived and slept. Grandpa's garden flourished and he brought

his vegetables in the horse and wagon to

Later, as young ladies, my Mama and Aunt Fanny went to work in Pascagoula at Hughes Mercantile store. They had millinery and dress goods, but also farm tools and other items like a department store. This is where my mother met Captain Josiah Christian Peterson and they were married Oct. 14, 1909. And Aunt Fanny met Herman H. Colle, whom she wed June 15, 1908. Both couples married in the Lutheran Church in Scranton.

After my father's tragic death at sea (his ship's being lost in the storm of August 1915), my mother, Hilja, remarried, about eight years later, to W.R. DeForrest. He was an artist, an inventor and an interior decorator originally from Ohio. Mama took in roomers and boarders to make a living. She was also a seamstress. DeForrest had a room in our home and, after about a year, he and mama were married in the Lutheran Church in New Orleans. My brother, then eight years old, and I went on their honeymoon with them. We had a suite of rooms in the Monteleon Hotel and we thought that was grand. It was my job to see that brother was dressed and ready to go out for meals, but I couldn't keep him out of the bath tub. It had so many shiny knobs and faucets.

Everything was lovely for a while. DeForrest was an eccentric artist, stern and ruled us with an iron hand. They had five children over the years: Hilja, the first baby was named after mama; Helen; Billy; Jack; and Peggy.

Times got hard. It was before and during the depression. DeForrest did not have much work, but he was working on his invention, a perpetual motion machine, so mama went to work in a small lunch room across from Pascagoula High School. Remember, this was before cafeterias were in the schools. She could take the small children with her and the other ones were in school. Boy, she made the best hamburgers! It was a great success, the lunch room was booming.

Then, tragedy struck again. Our beautiful home, built by my father, J.C. Peterson, caught fire one night and burned the whole upstairs (including the invention, which was ruined) and what the fire didn't ruin, the water did. Everyone got out safely though. I was fifteen years old at that time, but the only thing I was upset about was all my valentines from years back were burned.

After the fire, everything seemed to go wrong. My step father was disgusted and wanted to leave to find work elsewhere. This was approximately in 1926. Then in 1933, after our home was rebuilt, there was a second fire and mama gave up and moved to North Pascagoula St. DeForrest did eventually leave, never to return.

When the Woolen Mill came to Jackson County in 1937, mama found work there. She was a conscientious worker, stayed for years and was named Mother of the Year in 1940.

She continued to raise her children alone, drawing upon her Finnish stamina and her religious faith, and lived to see all her children happily married.

Sorrowfully, we lost her following surgery in 1956, but she will live on in our loving memories forever.

## VICE, BILLY R. AND LYNDA BOYD

Billy R. Vice of 712 Live Oak Ave., Pascagoula has only lived in Jackson for about thirty years. However, the family roots were planted here many years ago. Leslie L. Vice, who was born about 1869

in Mississippi was married on Nov. 21, 1891 in Jackson County to Alice Perry. The couple lived in the part of the county that is now the Helena community and were the parents of six children. The names of the offspring were: Lalia, Charlie, Robert, Viola, Victoria and Columbus Vice.

Robert Napoleon Vice, son of Leslie and Alice Vice, was born March 22, 1894 in Jackson County. He died on Sept. 2, 1966 and was buried in Tioga, LA. While in service for his country, during World War I, Robert met and married Mary Eunice Guillotte, a native of Tioga. Mary Eunice was born in 1903.

Robert Vice was a construction builder. He was a superintendent for the building of the first wooden bridge that was erected across Bay St. Louis. Because of this line of work, the family moved quite often and resided in tent cities. In 1938, after spending fourteen years in Texas, the family finally settled in the area of Alexandria, LA. Robert and Mary Eunice were the parents of six children: Inez Liberty who married Morris Anderson; Robert Adolph Vice; Beatrice Mae who married Arnold Coker; Elsie Mae who married Harold Hinkle of Pascagoula; Mary Jean who married Norman Palmer: and Bobby Lee Vice who married Joan Vice and live in Big Point, MS.

Robert Adolph Vice, son of Robert Napoleon and Mary Eunice Vice, was born on a Dec. 9, 1921. While he was in the ser-vice, stationed at Nashville, TN he met and married Florence Marie Swindle. Florence was the daughter of Wesley Swindle and Etna Mae Standfield of Nashville. After living in the area of Nashville for several years, the family moved to Pascagoula in 1953. Adolph became a foreman for the City Water Department and an Auxiliary Policeman for Pascagoula. Later he was a Deputy Sheriff of Jackson County. He now owns Robert's Grocery in Harleston.

Robert and Florence were the parents of seven children, but only three survived infancy: twins, Robert Lee and Roy Wayne

Vice; and Billy Ray Vice.

Billy Ray Vice was born July 31, 1946 in Nashville, TN and married in Pascagoula on June 10, 1966 to Lynda Gene Boyd. Lynda was born on Jan. 2, 1946 in Pascagoula, the daughter of R.V. Boyd and Loraine Greer. Billy and Lynda are the parents of three children: Gary Ray who was born June 11, 1968; Michael Edwin who was born Sept. 3, 1971; and Kelly Michelle, who was born

April 16, 1974.

Billy has been employed at Ingalls Shipbuilding since 1967 and is an Instructor of the Apprenticeship Program of Jackson County Junior College. Lynda is noted for the many beautiful cakes that she makes and decorates for weddings and special occasions. The young men, Gary and Michael, are discovering their talents in mechanical work and are happily restoring a 1955 Chevy that Gary has purchased. All of the children are also musically inclined and play the following instruments for the family enjoyment: guitar, fiddle, banjo and piano.

All of the family has been actively involved in renovating the residence in which they live, which was the Merriwether home. Mr. Merriwether was the mayor of the old town of Scranton.

In addition to their many activities, the family is vigorously willing to work for the Lord Jesus Christ whenever He calls upon

Profile:

Dr. August Lennep and Wife,

Victorine

The information I've found concerning August Lennep takes us back to Alsace - Lorraine and France. It is said that he was a German Dutch from this area of Europe - a land ruled at times by either Germany or France. Although it has a large percentage of German speaking people, the area is now French.

The story goes that Dr. Lennep had to flee from Europe when a patient of royal blood died of the plague. He was held responsible and was in danger of imprisonment or worse! The records of the Texas Medical Association have no information on any Doctor named Lennep. But that doesn't rule out his being a Doctor because of the time in which he lived.

Victorine's mother is said to've been of royal French blood. When she married a commoner, she was put out of the family. From the land records of Cuero, Texas, I believe Victorine's parents were Louis and Francois Elizabeth Dorange or De Orange in French spelling. They purchased a large amount of land there on July 31, 1861. In later years they sold most of this land. The last of the land was sold by Victorine. Mrs. Dorange is described as a lovely dark-haired, dark-eyed woman. There are also stories told by her descendents that she had beautiful jewels which she sold as the years went by!

August Lennep and Ms. Victorien Dorange were issued a marriage license on March 11, 1862 at Clinton, Texas. This union produced six children. Two girls died in their teens causing Victorine much grief and she mourned deeply for them: The family lived on the large tract of land mentioned above. Their daughter Mary related in later years that you could ride horseback all day and

not see all of the property.

The Doctor was supposedly divorced by his wife because of his affinity for alcohol\_\_ or \_\_ some say he had a "shoot-out" and thought he'd killed a man. It's said he just rode off on horseback and disappeared. I've been unable to confirm the stories about August Lennep or find out what happened to him. Records are unavailable from the state that long ago, and there is nothing in the County records to give us the answers. A grandson has told a story of the doctor's drinking. How he would take his wife on fast and furious buggy rides to see his patients. Rides so fast her long skirts popped and snapped as they went!

Victorine was divorced or left without a husband by 1874. Then Johann (John) Bertram and Victorine took out a marriage license on September 26, 1876, and were married September 30th. They sold more of the family's land four years later in 1880. It is not known how long after this date that their marriage lasted, but it was for only a short while. There were two children born to their marriage.

The story now switches from Texas to Dutch Bayou Road in Escatawpa, Miss. The eldest son, George August, had come here to work in the saw-mills that were springing-up along the river. He brought his mother (widowed or divorced from Mr. Bertram) and his brother-Victor, his half brothers-Louis and Henry, and his sisters-Mary and Bertha to Escatawpa. George purchased one acre of land there on January 8, 1885. He was 22 years old at the time. They lived where Jesse Lennep's home now stands. He built a home next door for his bride Georgia Virginia Lemaitre, when they were married in 1889. This home burned to the ground in later years, destroying all old pictures and keepsakes.

During her years in Escatawpa, Victorine was the Post-mistress from 1890-

1895. One of her granddaughters remembers her as a small, French-speaking woman. She called this granddaughter "Wissie." Another granddaughter has told a story of Victorine's love for ice cream. During the winter she would set pans of water out doors to freeze, then she used the ice to freeze ice cream. Her family would find her then-sitting eating ice cream with her feet in a tub of hot water to keep herself warm!

Victorine was married a third time according to her granddaughter Louise.

This marriage was to a Mr. Iker. There is no more information available concerning this marriage. Victorine's grave is in the Zion Cemetary in Escatawpa,

Mississippi. It is the grave next to the cemetary gate and it is misdated—

giving her birth as 1878 and death as 1911. The birthdate is clearly wrong because her son, George was born in 1868. I wish it were possible to say where

August Lennep died and is buried, but none of my efforts have produced any records on him after the birth of his last child in 1873.

#### The Dorange Family

Information about Victorine's family - the Doranges or in French,

De Oranges - is very scarce. Their names were not found in the 1860 Census

of De Witt, County, Texas, but they were there in 1861 as the land records
show.

Victorine's parents were Louis and Françoise Elizabeth Dorange. According to relatives, her grandparents were Louis and Za Za (Faire) De Orange who were married in Marseille, France in 1803. The albert Louise Button

I have been told a story about Victorine's grandfather, Louis Dorange-that he was a French doctor who died of yellow fever at age 29. It's said he was buried near the German settlement of Fredericksburg, Texas. This is a story told to the family by Bertha Lennep. I have tried to find a record of the Lenneps or De Oranges at Fredericksburg, but found none. If Louis was a doctor, then it might have been Louis instead of August Lennep who was the hard drinking doctor!

In my correspondence with the County Clerk at Cuero, Texas, I was told of a "Power of Attorney" that was given to Victorine by Marie and Henry Schluter. It seemed strange to me that a woman would be given such a position that long ago. Eventually, I was told by a cousin in Georgia that she was in possession of a photograph of a woman named Marie Schluter - who was named on the photo as Victorine's sister. Also, she has a picture of their mother, Francois Elizabeth Dorange. I then sent for a copy of the "Power of Attorney" and it confirmed the relationship. It also said Mrs. Dorange was deceased by 1874.

The Power of attorney was drawn up at Scranton, Mississippi or Pascagoula as it became known later. This was in 1874. The Power of Attorney was used

by Victorine and Johann Bertram in 1880 when they sold Marie's property for her. So the fact that Victorine's sister had moved to Jackson County might have been one reason George August came here to work and brought the family here.

Information provided by:

County Clerk - Cuero, Texas

Mrs. Minnie Mae Douglas - Columbus, Georgia

Note: The photos mentioned were given to Minnie Mae's father, Brunner Lennep, many years ago in Mobile, AL, by the widow of the son of Marie and Henry Schluter. She said they had no children to give them to. Because he looked so much like his father, she wanted Brunner to have them.

#### "A Backward Glance"

To some people the days of the past are vague and uninteresting: I admit I seemed to fit in this group until I just "happened into" a study of family history.

One hot day in the summer of 1978, I was reading a suggestion in a magazine on things for the family to do together during vacation time. One suggestion was to take the family to re-visit the graves and old home-sites of the preceeding generations.

I knew a good bit about my own family; however, I discovered there was not much known about my husband's people! It was then that I decided I needed to put together a family tree for each side of the family so that my children would have something to be passed on to their children. I felt that if all the relatives had to contribute information, they ought to be able to share in the results, too. So that is how it began.

The work I've done may not be as thorough as if it were done by a trained genealogist, but I think I did as well as I could. If there are any errors in what I've written, remember this is based on information provided by many relatives and many other sources. I wish to thank each one for his patience and contributions - those who cared and those who didn't!

The 1880 census of Dewitt County Texas provided the following information

John Bertram, male, born ca 1850, Prussia, age 30, Tailor Victorine Bertram, female, born ca 1841, France, age 35 Lewis Bertram, male, born ca 1877, Texas, age 3 George Harris, male, born 1863, Texas, age 16 Victor Harris, male, born 1869, Texas, age 11 Mary Harris, female, born 1870, Texas, age 10 Bertha Harras, female, born 1874, Texas, age 6

At no time does the children of George August De Harras Lennep appear in the census under the name Lennep. On October 5, 1883, it was noted in the local paper of Jackson County that two well marked albinos were walking the streets of Moss Point with their Uncle Henry Schluter. The Lennep name was spelled Lenet. The article stated that they had recently came from Texas. The rest of the Lennep family history is adequately covered in Hazel Lennep's 1981 published history of the August Lennep Family except the following.

The census of Medina County, Texas for the year 1850 shows August Lennep a 28 year old physician born in Hepe Capel, Prussia, living there. The post office was located in New Fountain.

Marie (Mary) Louise Dorange, sister to Victorina D'Orange was born 1842 in France. She married first, Alphanse Koening, November 21, 1864, born in Germany. There were no children to this marriage. On the back of an old picture of Marie Louise Dorange was a statement that she was a sister to Victorine Dorange de Harras Lennep, wife of George August Lennep. The original picture is in the possession of a Mrs. Murray in Georgia.

Sometimes prior to 1880, she married Henry A. Schluter, male, born June 1841 in Germany. Henry and Marie (Mary) Louise Dorange lived in Mobile, Alabama. She died August 1887. They did not have any children. Bertha Lennep, niece of Mrs. Schulter told me that her aunt was a very beautiful woman and that she was a singer and dancer, who performed in saloons in Texas and other locations.

MOSS POINT — "Extraordinary" and "gifted" are words teachers use to describe Jackson County's only National Merit Finalist, Brandon Lennep.

While the county has had multiple recipients in previous years, this year, Brandon, a senior at Moss Point High School, was the only local student to attain this prestigious honor, which recognizes him as one of the nation's top scholars.

Brandon took the PSAT in his junior year, the practice test for the SAT, which serves as the national qualifying test.

"I was sitting in the lunchroom eating with my friends and the guidance counselor came in and told me I was a semifinalist. I was pretty surprised," Brandon said.

Then began the long process of qualifying for finalist status.

"They send a package to your school which includes an application, writing an essay, teacher recommendation and your grades," Brandon said. "Then they give you a few opportunities to take the SAT."

Brandon scored a 1340 on the SAT. A perfect score is 1600.

"They (parents) always pushed that academics was the most important thing and I'm definitely grateful they did. Coming up through school, all the kids were playing baseball and football and although I played sports, I wasn't the most athletic.

- Brandon Lennep

"Other people told me my scores werehigh enough to become a finalist, but as time went by and I didn't hear anything, I started getting anxious," he said. "When I found out I was a finalist, I was relieved."

At the encouragement of his parents, Amber (and Brad) Cook and Wayne Lennep, Brandon said he started taking his academics seriously at an early age.

"They always pushed that academics was the most important thing and I'm definitely grateful they did," Brandon said. "Coming up through school, all the kids were playing baseball and football and although I played sports, I wasn't the most athletic. On those days I wished my talents would have come in other

LAS VEGAS, Nev. (AP) - A B-52 bomber found after a two-day search through snow and rain had slammed into a southern Utah mountainside in bad weather, killing all seven crewmen aboard, officials said today.

The wreckage was discovered Wednesday as clouds broke briefly over a route being retraced by a search plane, one of more than 20 involved in the hunt for the unarmed strategic bomber since it disappeared Monday afternoon.

A board of officers was being convened to investigate the accident, the Air Force said in a statement read by Lt. Col Richard Kline of

Lt. Thomas C. Lennep Jr., former Pascagoula resident, was a crew member on the D-52 bomber.

Lennep, 25, son of Mr. and Mrs. T. C. Lennep of Brownsville, Texas, graduated from Pascagoula High School, attended Jackson County Junior College and received his military commission upon graduation from the University of Southern Mississippi.

In addition to his parents, Lennep is survived by a sister, Amanda Lennep of Brownsville; a brother, Eric Lennep of Jackson, Miss.; paternal grandfather. Edwin Lennep Sr. of Moss Point and maternal grandmother, Mrs. Lawrence James of Gulfport

the Strategic Air Command at Offutt Air Force-Base, Neb.

Investigators and recovery workers were to travel today by helicopter and four-wheeldrive vehicles to the crash site at Jackson Peak in the Bull-Valley Mountains, about 20 miles northwest of St. George, Dtah.

The crash occurred at an elevation of about 6,300 feet, at least 1,200 feet below the mountaintop, Washington County Deputy Bruce Raferty said. Local authorities were told of the discovery of the wreckage Wednesday afternoon, but initially were asked to keep the location secret, he said.

The huge, eight-engine bomber slammed into the mountain as it approached the Nellis Air Force Base bombing range, Air Force officials said.

The plane, stationed at Robins Air Force Base, Ga., was taking part in Red Flag mock war games conducted several times a year over the Nevada desert. It carried no weapons of any kind when it crashed, the Air Force statement said.

A report on the meeting will be studied and sent to Washington, D. C., early this summer. Even though the river is eligible, it must also meet other criteria before inclusion in the Wild and Scenic River System. One of these criteria is "whether or not the public and elected officials support the designation.

Hurt said when he was at the meeting in Mobile, he asked Brittain, "Can you do a better job than the owners of this land?" and Brittain replied. "It'd be hard."

J. C. May, president of the Jackson County Board of Supervisors, said the board wants to go on record as opposed to the designation. He then read a resolution which the board had

# Sheriff plans to begin training program in July

Sheriff John Ledbetter, unable to get any of his men into the Mississippi Law Enforcement Academy for more than a year, said - Supervisors for help is setting up a sheriff's Wednesday he will begin his own training program in July,

Ledbetter said the program will enable new men in his department to meet mimimum training standards required by state law.

"We couldn't get anyone accepted at the academy last year and they tell us it will be November before there's an opening. Ledbetter said, "I have 13 or 14 officers who need, the training.

Assistant Sheriff Billy Smith said the same 360 hours of training taught to new men at the academy will be given locally.

"We will actually have 380 hours," Smith said. "We will give them what they would have gotten at the academy plus some more." Instructors will include FBI and ATF agents and qualified instructors from within the sheriff's office.

"We have men who are qualified to teach the courses," Ledbetter said. "All they need is certification."

Ledbetter, who has asked the Board of academy in Gautier, said the eight-week course probably will be held at the fair grounds.

We will save money, Ledbetter said. "It costs about \$20,000 to send a new man to the academy, counting his clothes and salary, and he is completely lost for eight weeks

"We can teach the same thing for less money per man and in case of emergencies, the men can be recalled to duty

Ledbetter said he will train about half his men during the first eight-week course andhold a second course later.

The courses will also include some Lucedale officers and members of the sheriff's reserves.

Classes will cover a wide area of subjects such as patrol procedure, search and seizure, riot control, firearms, physical evidence, fingerprinting and others

As a finalist, Brandon has been already been awarded a national merit corporate scholarship with another full tuition offer from the University of Mississippi and many others sure to come his way.

Leaning toward the medical profession, Brandon said he is looking at three colleges choices the University of Mississippi. Tulane and North Carolina at Chapel Hill and hoping scholarships offers he receives will help him make up his mind before the May 1 deadline.

Brandon is also MPHS's STAR Student, was inducted into the school's Hall of Fame and a Mu Alpha Theta member. He's also taking an English class at Mississippi Gulf Coast Community College and

He has competed in the Mississippi College math and science competition every year since seventh grade.

"I placed in the top 10 percent in seventh grade and then after that I placed either in the top one, two or three percent every year," Brandon said.

MPHS math teacher John Miller says Lennep has a rare talent and is a joy to teach.

"He's the most gifted student I've ever worked with," said Miller. "He's just a natural. God blessed him with extraordinary thinking ability.'

But Brandon isn't the only whiz kid in the family. His sister Anna looks up to her big brother and wants to follow in his footsteps.

"Just seeing the things that I have been able to do, makes her want to do that for herself,"

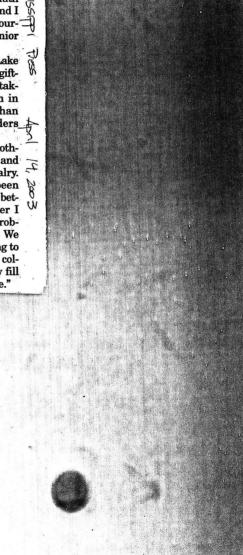

"He was always there for me been a good role model for her."

"One of my goals is to do better on the ACT," Anna said. "Brandon scored a 34; I hope to make a 36 (perfect score). Math is my favorite subject too and I hope to compete in math tournaments when I reach junior high and high school."

A fifth-grader at Orange Lake Elementary, Anna is in the gifted program, LIFT, and has taken the Duke TIP program in which she scored better than 64 percent of eighth-graders taking the test.

Anna said she and her brother have a good relationship and share a friendly sibling rivalry.

"Brandon has always been 🎖 there encouraging me to do better." Anna said. "Whenever I can't figure out a math problem, he's there to help me. We really have fun and I'm going to miss him when he goes to college. But I hope to not only fill working as a technician in ence in my life," Brandon said. Brandon said. Thanks for your swift responce. Yes, it would be very helpful if those papers could be sent to the Moss Point Library. According to my mother (Minnie Mae Lennep Douglas), her mother (Minnie Idella Rogers Lennep) said that Jacob M. Holland and his family lived in a big stone house on Government Street in Mobile, and after his wife died he was so taken with grief that he moved his family to Mississippi. I have land records where he bought land in Alabama and Mississippi after he moved. Minerva had to take on the household duties being the eldest daughter. I cannot find her on any census with any other Hollands before or after the 1880 census. She married Louis Lee Rogers (son of Joseph W. Rogers) on Sept. 13, 1888 in Jackson County, Mississippi.

According to the 1880 census, Joseph W. Rogers was living in Jackson County with his large family and it shows that he was born in Alabama. The Joseph W. Ro(d)gers that in buried in 3 Mile Cemetery has different dates of birth and death. It has long been stated that our Joseph W. Rogers served in the Confederate Army. I did find a Joseph W. Rogers that served in the 34th Alabama Infantry, Co. C whereas the one in 3 Mile Creek served in the Mississippi Light Artillery. The more I dig the deeper I get confused.

When Louis Lee Rogers died (shortly after his wife - supposedly of a broken heart), all the siblings were at my grandmother's (Minnie Idella Rogers Lennep) house after the funeral. The men were discussing who would take over which part of the lumber company when my grandmother, being the youngest and still feeling the lose, told her brothers that their father wasn't even cold in the grave and they were thinking of his bussiness and she threw them out and refused her share of the inheritance. Having heard this story all my life from her lips, I haven't been able to aquire much information from the other Rogers. Whatever you can find will be most appreciated.

I don't know if I mentioned that my grandfather (Brener Lennep) remarried at age 78, two years after my grandmother passed away, then he died of a brain tumer 1 1/2 years later. His new wife disposed of the photos, family Bibles, and memorbilia from 62 years of marriage to my grandmother before my mother or her brother and sister had a chance to save any, which nearly broke my mother's heart. So I don't have alot to go on but memories. Thanks again,

Steve

#### Renee.

I checked the 1870 Alabama census and found a Jacob Holland near the correct age living in Mobile with his wife Susan and son Caleb and a daughter Jane at the age Minerva would have been in 1870. Jacob was listed as a blacksmith just as the one in the 1880 Mississippi census with Minerva There was no Jacob Holland with the same family members or that was a blacksmith listed in the 1880 Alabama census. Could she have been named Minerva Jane? On the marriage bond to Louis Lee Rogers she is listed as Minerva C. Holland. I went back to the 1860 census and found Jacob and his wife Susan and their 2 month old son Caleb and also found that a Mary Courtney (age 18) was living with them. Could that be the C." I check the 1870 and 1880 census in Alabama and Mississippi for Mary Courtney but none had a child and only on was the correct age and she was living alone in Montgomery in 1880 as a seamstress. Brick wall, brick wall!!

Genealogy question

Hello!

I was wondering if I could ask you a question. I am looking for any information on two of my ancestors and I was wondering if you might be able to help me.

One of them is Lilian Vice (not sure if the spelling was correct), who was died in 1977 (not sure when born) and married to Victor Lennep in 1909, from Escatawpa. I do not know anything about the Vice family and if you have any information on her father or mother or even on her I would greatly appreciate it. I believe that after Victor died she married a man whose last name was Mayes (?).

Also, I am looking for information about the Flechas family. My ancestor was Mary Isabelle Flechas (Married to Paul Poitevin). I believe her father is Joseph Flechas, but I'm not sure who her mother is. She was born in 1863 (in Louisiana?) and lived in Pascagoula and Mobile.

Thank you so very much!
Nick

At no time does the children of George August De Harras Lennep appear in the census under the name Lennep. On October 5, 1883, it was noted in the local paper of Jackson County that two well marked albinos were noted walking the streets of Moss Point with their Uncle, Henry Schluter. The Lennep name was spelled Lenet. The article sated that they had recently came from Texas. The rest of the Lennep family history is adequately covered in Hazel Lennep's 1981 published history of the August Lennep Family except the following.

The census of Medina County, Texas for the year 1850 shows August Lennep a 28 year old physician born in Hepe Capel, Prussia, living there. The post office was located in New Fountain.

Marie (Mary) Louise Dorange, sister to Victorina D'Orange was born 1842 in France. She married first, Alphhanse Koening, November 21, 1864, born in Germany. There were no children to this marriage.

Sometimes prior to 1880, she married Henry A. Schluter, male, born June 1841 in Germany. Henry and Marie (Mary) Louise Dorange lived in Mobile, Alabama. She died August 1887. They did not have any children. Bertha Lennep, niece of Mrs. Schulter told me that her aunt was a very beautiful woman and that she was a singer and dancer, who performed in saloons in Texas and other locations.

SYMPATHY

directly to him: 1600 Pennsylvania Avenue, Washington, D.C.

People who participate in reorganization will understand it better and develop their own stake in it, he says. Then, when reorganization gets threatened by the congressional and special interest constituencies for each of the 2,000 departments, agencies, commissions, boards and committees in the government, the President can appeal to this public constituency for help.

"It's the President's conviction that in order for reorganization to be successful it's going to have to be a cooperative effort with Congress, and there's going to have to be a broadbased understanding of the objectives of reorganization by the public at large, as well as the broadest possible participation in it," Pettigrew said.

Special interest groups and congressional staffs will be invited to the hearings, seminars, conferences and committees, too, Pettigrew said, "so that everybody has had their say, has had their shot in the decision-making process.

"Then, when something is recommended to Congress it can be properly represented that the best thinking that has been developed previously in the Congress has been looked at and the interest groups who feel that they are very directly affected have been consulted.

"That'll give us the best chance of a successful achievement of our goals," he said.

Hemlock Street, Moss Point, pleaded guilty to burglary and larceny of a dwelling in Moss Point and burglary of White's store in Pascagoula.

Mills sentenced him to concurrent suspended five-year prison terms, placed him on five years' probation, fined him \$500 on each count and directed him to pay restitution.

Jack Cook Jr., 21, 7608 Hammond Drive, North Biloxi, pleaded guilty to burglary and larceny and to grand larceny. Both offenses occurred at the mini-warehouses in Gautier, according to the district attorney's office.

Public Defender Tom Fortner called Cook's minister as a witness on the sentencing phase and urged that Cook be placed on street probation rather than go to the restitution center. The minister said Cook and his family attend church regularly and that he feels that Cook would complete his probation without a problem.

Mills said he felt that the restitution center program will include counseling and guidance as well as close supervision to place him in a better position to accept his responsibilitiesin society.

Cook was sentenced to a suspended five-year prison term, placed on probation for five years, fined \$500 on each charge and ordered to pay full restitution.

In the three sentences, Mills accepted the recommendations of the district attorney's office.

He warned the three defendants that should they violate the terms of the restitution center and their probation and have their probation revoked, the time spent in the restitution center will not be credited toward their penitentiary time.

chamber would be able to dispose of a long series of amendments and move to a final vote.

Speaker Thomas P. O'Neill Jr. held out little hope that the House would reach a final vote on the resolution today. Even though the House has voted to restrict debate, it first must dispose of nearly 50 proposed amendments to the measure.

O'Neill accused "a small coterie of ultra-conservatives" opposed to the resolution of delaying tactics, including a host of amendments, to forestall a vote.

If the House cannot finish work today, the resolution will be taken up next week, he said.

Debate over the non-binding measure already has totalled more than 30 hours, spread over four separate days — far longer than had been expected.

# Stolen drugs would have been a bummer

If the burglar who stole 450 containers of drugs from a Lucedale veterinarian's office recently ingested any, he may have gotten low rather than high.

The drugs were identified as brucella abrouts, a vaccine used to prevent Bangs disease in cattle.

The vaccine was apparently thrown from a vehicle from Bertis Goff Road in Wade, according to District 1 Constable Gerald Wayne Jones.

Jones said he was advised by residents of the area that children had found a large amount of drugs along the road

Jones learned later they had been taken in a burglary of the office of Dr. Karl Smith in Lucedale.

SURVEYING A COMMUNITY'S NEEDS — Helen Lennep (left), executive director of the Mental Health Association of Jackson County, and Wilmer Harris, an association advisory board member, plan community-wide mental health needs survey forms. The survey, which will be undertaken in the next few days, is just one of the ways the association and its volunteers serve the communities of Jackson County.

# Association works for community's mental health

#### y JUDY JOHNSON

"Working for America's Mental Health" has eer chosen as the theme for Mental Health lonth, being observed in May throughout the ation.

ation.

Volunteers and staff workers with the Mental ealth Association of Jackson County are putting at theme to work not only during May but year u.i.d, working for America's and Jackson punty's mental health.

According to Muriel Morris, president of the sociation, the group works to bring mental alth services to all the county's citizens. Helennnep, who serves the association as executive rector of its Friendship Center, said that the onth is special to association members.

F MAY IS special to association members, then work done by those members throughout the ar is special to the citizens of Jackson County. The door is opening for 30 million Americans o suffer from a mental illness," Mrs. Lennep d. "In many states, insurance benefits are proving. Restrictions are being removed to let ple with a mental illness stay in their nmunity and lead normal, productive lives. There's no cure yet. But through biomedical earch, new drugs are being used to treat people o didn't have a chance a few years ago." he association knows it faces an uphill battle, it is fighting that battle all the say, Mrs. nep said.

According to the latest statistics from the ional Institute of Mental Health," she said, most frequent disorders for men are alcohol se and/or dependence, phobia, drug abuse for dependence, and dysthymia

"For women, the most frequent disorders are phobia, major depressive episodes without grief, dysthymia, and obsessive-compulsive disorders."

"Suicides by people under the age of 35 increased markedly between 1958 and 1982, from 19 to 41 percent. Suicide was the third leading cause of death for this young age group in 1982.

"During 1980, the latest year for which complete figures are available, total expenditures for mental health care in America were estimated to be between \$19.4 and \$24.1 billion. The Health Insurance Association of America in 1983 estimated this figure to jump to \$85.7 billion by the year 2000."

THESE ARE ALL real problems, health — and in some cases life — threatening problems. Some of your neighbors may face these terrors every day. The Mental Health Association of Jackson County wants your neighbors, and you, to know there is help, that there is someone who will be on your side when it comes to facing and fighting these terrors.

County is helping patients, their families and the public learn the facts about mental health and mental illness," Mrs. Lennep said, "and helping to reduce the continuing stigma and misconceptions al about people with mental illness."

The local association is an affiliate of the National Mental Health Association, and is supported by the Jackson County United Way and the Jackson County Baord of Supervisors. The NMHA is the nation's only non-governmental, citizens' voluntary organization concerned with all aspects of mental disorders and mental health.

NMHA was founded, appropriately enough, by a volunteer. Clifford Beers, who suffered from a serious mental illness, spent the years following his recovery creating a national organization that

would protect the rights of people with mental illnesses, educate the public about mental illnesses, and promote research into causes, prevention, treatment and cure of mental disorders.

Beers achieved his goal in 1909, and spent the rest of his life seeing to it that the national organization lived up to what he knew was its potential as a life-saving force for this nation.

"THE NATIONAL organization has grown into a network of 650 local chapters, of which curs is one," Mrs. Lennep said. "There are also many state divisions, with chapters and divisions providing programs tailored to the needs of their community."

"Locally, our association operates the Friendship Center, which is a multi-purpose drop-in center, located at 5000 Morris St., across from the Moss Point City Library.

"This rehabilitation center helps re-socialize people who have emotional problems and are returning to the community after treatment, or while treatment is still in progress.

"The center has arts and crafts, as well as other activities, where people can involve themselves and relax knowing they will be understood and helped when necessary."

The Jackson County group is typical of the more than 1 million Americans who are involved in the mental health movement as volunteers, members and contributors.

Some of these people came to the movement and its work after a loved one was affected by mental illness. Others are former patients themselves.

All are concerned citizens committed to the improved care and treatment of people with mental illness, promotion of mental health and prevention of mental disorders.

"THE ACCOMPLISHMENTS of these volunteers, coupled with the achievements of mental health care professionals, are astonishing," Mrs. Lennep said. "Now there is treatment for people who suffer from anxiety disorders, depression and other mental illness, thanks to research. New drugs are helping people lead normal lives, productive lives, lives they can share with their family and friends.

"There's no cure yet for mental illness, but through such research, and the dedication of such volunteers, people are being treated who didn't have a chance at a normal life just a few short years ago.

"That's probably the most important message we have to get out to people this year during Mental Health Month, that there is hope. Hope for people who suffer from severe mental illnesses such as schizophrenia and depression, for mentally ill people who are homeless, even for people who have been hospitalized a long time.

"Of course, there continue to be myths and misconceptions which sometimes prevent people with mental illnesses from taking important steps toward the vocational, residential and social mainstream.

"That's what the Mental Health Association of Jackson County is here for, to help patients, their families and the public learn the facts about mental illness.

"This year's theme is more than just a saying; it's a call to action for more people to join our volunteers, staff and supporters of our local mental health association."

For more information on how you can become involved in local efforts to aid the mentally ill, or on how to receive help for yourself or a loved one, call Mrs. Lennep at the Friendship Center, 474-2888.
